

WHAT OUR CLIENTS SAY

Aspray24 is one of the country's largest independently owned delivery and logistics companies. At the core of their business is a round-the-clock next day delivery service handling everything from small packets to full vehicle loads.

Founded in 1982, with their headquarters in Willenhall, West Midlands, they have expanded to more than 600 employees and operate a fleet of more than 400 vehicles serving local, UK and international markets from depots all over the UK and Ireland.

Aspray24 also provide a range of services including storage, warehousing, order picking and stock rotation for their widespread customer base.

Prior to Ellis Whittam's appointment, Aspray24 had been receiving advice from the same provider for 15 years.

Dissatisfied with the level of service they had received including repeated issues, a high turnover of consultants and a lack of understanding of their business, management felt that the more tailored solution offered by Ellis Whittam was needed.

EW give each client a named adviser rather than operating on a call centre basis. Clients are therefore able to deal with the same assigned contact on every occasion who understands how they like to work and the issues they typically face.

Stuart Bone, HR Director at Aspray24, comments: "We have developed strong working relationships with our appointed Employment Law Adviser and Health & Safety Consultant. We value the proactive support they provide allowing us to remain compliant and ensuring we are following best practice across our nationwide multi-site operation."

Aspray24 now has the reassurance of 24/7 access to support and legal expenses insurance to cover the costs of any employment tribunals and health and safety prosecutions.

"We have high expectations which need to be met, and Ellis Whittam surpass every time through their expertise and professionalism," Stuart concludes.

"Sharing a similar ethos and values to that of our own business, in providing excellent service and recognising the needs of the customer, were key in our decision to appoint Ellis Whittam."
